COMBAT MESSAGES

Battle at 1605

In the Severe climate of the Open Plains of 1605, a conflict took place in the early afternoon in high winds.

At the head of a demoralized army rode **Captain Bigorik** of the nation of the Tribes of Angmar. The mount on which he rode stood cautiously at the rear of the battle lines. Behind him the forming ranks were filled with:

Troops	Weapons	Armor	Formations
393 Mixed Mannish horsemen w/shortswords	wooden	bronze	a mob
500 Mixed Mannish footmen w/battle axes	wooden	none	a mob

At the head of a demoralized army rode **Lord Alcohol** of the nation of the Thorinar. The mount on which he rode stood cautiously at the rear of the battle lines. Behind him the forming ranks were filled with:

Troops	Weapons	Armor	Formations
1672 Dwarven footsoldiers w/war hammers	wooden	none/leather	a mob
62 Dwarven mercenaries w/hand axes	bronze	leather	solid ranks

The Major Town of Lizard Lick flying the flag of the Tribes of Angmar is situated in the Open Plains here. It is fortified by a Tower, and it is under siege or attack.

Report from Alcohol.....My commanders moved among the troops before battle, readying them, bolstering their resolve, and issuing last minute orders. The troops needed this encouragement because many feared that they would die in the battle. Finally the order was given in loud commands.. Head straight for them and then strike the left flank...the left flank!

Against the forces of Bigorik, they charged but we veered off and hit their flank.

After the battle had joined in earnest, heroes made their presence known all over the battlefield.

Report from Alcohol.....Our foot soldiers engaged the other troops in the open and took the battle to them. The troops tried to fight well, but they needed much more training. They fought very poorly. Although the enemy fought hard, we finally succeeded in overwhelming them after a long battle.

After the battle.... Bigorik's forces were destroyed/routed in the battle. Bigorik appeared to have survived. Alcohol's forces were victorious in the battle, but suffered some losses. Alcohol appeared to have survived.

The battle for Lizard Lick began as a relatively even battle. The attackers gave vent to their anger as the defending militia fought them off time and time again.

After the attack on the population center.... Alcohol's army survived the attack on the Major Town, but suffered huge losses. Alcohol appeared to have survived. The Major Town has not been damaged. The Tower has not been affected. The Major Town has been under siege/attack this turn. The Major Town now flies the flag of the Tribes of Angmar.
