Challenge from Moonstone at 1422

In the Open Plains of 1422 a ritual duel began. A large circle was drawn among the ruins. As Moonstone's army stood by, Moonstone, a healthy warrior stepped forth and called challenge. In answer, Fioril, a healthy robed mage stepped forth. In his hands was borne the glowing Sword called Morgurth. Those watching calculated the odds at roughly even. In a long and protracted battle lasting over 9 minutes, the combatants cut, slashed and threw spells at each other, each apparently unable to fatally wound the other. With a sudden flare of light, Fioril drew the remaining life essence from Moonstone's body, instantly killing her. Fioril was noted to have suffered minor wounds in the fight.
